(S) Creation of Living Expense with valid data.

(F)
Tawarah_AppDataEntry_LivingExpenses

The screenshot displays the AZENTIO ONEBanking application interface. On the left is a blue sidebar with navigation icons. The main header shows the AZENTIO logo and user profile information. Below the header is a table titled 'Inbox' with columns: Action, Reference Id, Client Name, Event, Workflow, Employee, Stage Description, Role Code, Created Date, and Approver Role. The table is currently empty, with a status bar at the bottom indicating 'Showing 0 to 0 of 0 entries'. A circular blue button with a white icon is visible in the bottom right corner of the application area.

(Step) AFTER_STEP - stepdefinitions.
HooksClass.addScreenshot(io.cucumber.
java.Scenario)

(S) Creation of Living Expense with valid data.

(F)
Tawarah_AppDataEntry_LivingExpenses

This screenshot is identical to the one above, showing the AZENTIO ONEBanking application with an empty 'Inbox' table. The interface elements, including the sidebar, header, table columns, and status bar, are consistent with the previous image. A circular blue button with a white icon is also present in the bottom right corner.
